Baghdad , Iraq ♦ Phone: 07735638644 ♦ Email: [laithk.abdallah@gmail.com](mailto:laithk.abdallah@gmail.com)

## EXPERIENCE

ITALFLUID

East Baghdad Oilfield / BAGHDAD

From 2020-08-01

**PETRONAS**

PETRONAS

Garraf / THI QAR

From 2018-10 To 2020-03

## Laboratory Supervisor

- Laboratory Supervisor plan, organize, schedule, and direct the work of the chemical laboratory.
- Laboratory Tests
  - Quantitative, Qualitative and Volumetric analysis
  - Water analysis(PH , conductivity , TDS(total dissolved solids) , Free chlorine , chloride ,turbidity ,total hardness)
  - Crude oil analysis (acid number , sulfur , viscosity , water content , reid vapor pressure ,salt content ,density)
- Prepared work schedules and ensure appropriate coverage for assigned shifts
- Supervised all work processes and ensured that all work was performed accurately and efficiently
- Performed supervisory review of documents
- Supervised good inventory management practices
- maintaining inventories and supplies needed for the laboratory
- providing necessary information to Lab technician's
- taking responsibility of laboratory document control
- managing laboratory purchases, storage and supplies
- resolving administrative and technical problems
- Following health and safety rules in Laboratory and during work in site
- Daily routine inspection of chemical pumps' , adjustment of injection dosage for chemicals
- Writing the daily results report,and the monthly report for the chemicals in the laboratory and the chemicals on the site
- Provide support to the production department and control room
- Directing the workers on the site to the correct methods of handling chemicals

## **INSTRUMENTS WORK ON**

- Seta - Salt in Crude Analyser - 99700-6
- Seta - H<sub>2</sub>S Analyser
- Oil Test Centrifuge – 4 place
- PH-Meter
- Density-Meter
- UV-VIS Spectrophotometer
- Karl Fisher Titration
- Analytical Balance
- Viscometer
- GC Analysis
- Manual Raid Vapor Pressure Tester

## **EDUCATION BAGHDAD UNIVERSITY BS,Chemistry**

Analytical Chemistry; Inorganic Chemistry ;Organic Chemistry ;Physical Chemistry ;Polymer Chemistry; Petro chemistry; Instrumental analysis; Industrial chemistry

**2013 – 2017**

## **SKILLS**

- the ability to operate all lab equipment
- dependability
- effective administrative skills
- knowledge of documentation process
- strong communication skills
- the ability to withstand chemical and compound reactions
- leadership and love of science play an important role in my success as Lab supervisor
- Create Solutions to Complex Problems
- Lab Research Principles
- Motivate Others
