To whom it May concern:

It gives me great pleasure to offer my high recommendations on behalf of (Mrs. Shahad Hassan Obais) who has worked as a civil engineer in the office of Smart House for Engineering Designs for one year.

She has been energetic and has always found excellent in the tasks assigned to her, in all administrative work, civil work, engineering designs, and office work, I can say that I have consistently noticed her high level of proficiency in engineering skills and brilliant work. Moreover, during the discussions I can praise her for her fluency in spoken and written English.

We at Smart House Engineering Design Office congratulate her on her achievements during the work period

I wish her success in her future endeavours. And based on my strong belief that your company will be fortunate to exist among your employees, I truly recommend them for admission to the team at your company.
