PROFESSIONAL COURSES

Year	Course Description	Field
2016	ESP.CABLE & VSD BASIC TECH&OPER.	Very. Good
2018	Microsoft Excel	Very. Good
2018	English Emailing	Excellent
2019	HSE Training	Excellent
2020	PMP	Excellent
2020	The COSHH Risk Assessor Certification (HSE)	Excellent
2020	The COSHH Manager	Excellent

Recommendation Letter

To Whom It May Concern: -

Mohammed Alsaraff has worked for our team in ROO (Rumaila Operating Organisation, a joint venture between BOC, BP and CNPC) for the last 3 years. He has become one of our most valued employees. Mohammed has been very instrumental in the success of the ESP Operations team, to follow up on all activities of ESP systems and daily coordination of the generator maintenance. He is very dedicated, does not take a no for granted and will look for solutions and support outside the boundaries of the ESP Maintenance team. Always follows up with actions and does not rest until the job has been completed for 100%. He feels and demonstrates responsibility and ownership for the tasks and is and works very well with the teams to keep them focused.

If you have any request or question do not hesitate to contact me.

Recommendation Letter

To whom it may concern:

I have personally known Mr. Mohammed Abdulrahman Abdullah for two years as his manager.

During this time he has shown great enthusiasm for the work and demonstrated to be consistently motivated to learning and taking on responsibilities above and beyond what his position required. In addition to that, Mohammed is a good "team player", respectful and tries to follow the good examples of his colleagues.

I support his quest for postgraduate education and would like to offer my recommendation of Mr. Mohammed as a qualified applicant for your Master's program.

If you have any requests or questions do not hesitate to contact me.
