Masty Film Company for Film Production from (2016-2020)

At the present time I work for Misty Film Company as Arabic, Kurdish and English translator for the texts and films that the company produces, and sometimes I work for them as a design engineer for filming locations.

-In 2012-2015, I was the Human Resources Officer of

(Alcatel-Lucent)International, a French company. Because of the bad economic situation in Iraq, the branch in Iraq was closed and my work with them ended.

IN 20011-2012 we moved with my husband to Baghdad

Our lives were difficult and my husband was kidnapped because he also worked for the US military in (KBR) (Kellogg brown & root service sing

He worked with them as a contractor. We were able to save him from what we had. Then our lives became very difficult and threatened by the local people who were working with us in the US Army and by they began to work for hostile parties.

Coalition forces interpreter 2004-2005.

From 2000-2005 I was a translator and administrator at the Coalition Forces Office

After the army returned I was working in the COUNTER TERRORISM GROUP organization, I stayed there until 2011.

In 1999-2001

I worked as a journalist and editor until begin the war between Iraq and United Nations (coalition countries started)

I changed my career from a journalist to an English translator with the US Army.

Translated and is responsible for the Department of Maternity (CMOC) SEVEL MILITARY OPERATION CENTER

in 2002-2003 I was promoted from my position and I moved to the Peshmerga transition office to the army for a long time (PAO) I was coordinated between the US Army and the provincial government to switch old money into new.
