

Mahmood Salah Ghani

Mob: 07700943519

Date of birth : 25/7/1995

E-mail : ma.aljaf95@yahoo.com

Nationality : Iraqi

Education :

B.Sc. in Petroleum Technology Engineering (University Of Technology/Baghdad)/2018

Graduation Project : Variation of petrophysical properties by alkaline and acids solutions

Reservoir management project: estimating the initial oil in place and the amount of water influx and predicted the future performance of the Mishrif formation of the Buzurgan oil field. Then constructed a geological and a reservoir models.

Languages

1-Arabic :native language .

2-English: good reading, writing and speaking proficiency.

3-little Kurdish and little Turkish

Hobbies :

Basketball

Swimming

Reading

Training & Experience

<i>Training location</i>	<i>Description</i>
institute of petroleum /Baghdad	Trained on : 1-mechanisms of engines 2-drilling fluid 3-drilling rig component
Iraqi drilling company/ east of Baghdad field	Trained on : Drilling process &drilling rig component
NOC (north oil company)	Trained on : 1-well completion 2-well logging 3-field measurement 4-reservoir studies

Computer skills

1-Microsoft office
2-Interactive petrophysics v3.5(IP)
3-Mat lab
4-AutoCAD
5-Visual basic
6-CMG (computer modeling group)
7-Petrel
8- Didger
9-Eclipse
10-MBAL Software

Field Trips :

<i>Location</i>	<i>Description</i>
Alburjesia ,Al-Rumaila , west Qurna , and Majnoon oil field	A week field trip
Al-ahdab oil field	Observed drilling operation (day trip)

Experiences & Qualification :

Experiences	Period
Studied petroleum processing at University of Tikret (moved to Baghdad university)	1 year
Studied chemical engineering at University of Baghdad (moved to University of Technology)	1 month
Worked delivery delegate	1 year
Working as Operation Agent at Al-Merjan travel and tourism company	Still working
