Objective:

To build a career with hands-on knowledge based on my educational Background and professional work experience . To function in a big or small establishment is not of my priority , what I care about the most is to pull together and work as a team with my compatriots, and the power that the manager would provide me with to keep moving forward and exceed the progress.

Education:

University of samara

Bachelor of Civil Engineering

Courses:

RSA (Robot Structural Analysis)

Revit structural

Auto Cad

Other Skills and work

Teaching math and physical (2016 – 2017)

Skills in Microsoft word and excel

I worked in shop of paint and shop of marmar (2014 – 2015)

Language Skills :

Arabic (Fluent)

English (good)

-
