I am constantly updating my IT skills as the opportunities to work with new applications and software's arise.

## About me:

I am an open-minded, sociable and dedicated individual who has a willingness and commitment to succeed in any given environment. I love to develop my skills and competencies and am always willing to tackle new challenges whatever the situation. My friends and teachers say that I work well with others and am a supportive of my colleagues' efforts. As a highly motivated individual I also work efficiently and effectively on my own when necessary. At the present time I am seeking for a position where I can both use and develop my personal and professional skills in a way which will allow me to excel in my work while giving my best to an employer.
