

## Dalya Abd-ALameer Abbas

### Electromechanical Engineering

#### Personal Information

Name: Dalya Abd-ALameer Abbas

Birthday: 28/4/1995

Status: Single

Gender: Female

Nationality: Iraq

#### Contact Me

+964 07702688738

dalyaabd1995@gmail.com

Iraq –Baghdad – AL- Hurea

#### Skills

Leadership

Teamwork

MS Word

MS PP

MS Excel

AutoCAD

Visual basic

MATLAB

#### Education

Technology University/ College of Engineering

Electromechanical Engineering /Systems Department /2014-2018

#### Training

1. I trained in the hospital kadhimiya and trained on the devices include system of hospital and I knew the mechanics of the devices
2. In the first stage I trained in the lab and training department at the university in many workshops including plumbing, lathing, carpentry, blacksmithing, welding and other engineering workshops.
3. I have been trained in the work of engineering laboratories and do the examination of microstructure on the sample of the project 4st and the examination of hardness of sample.

#### Languages

Arabic: Excellent (Native).

English: Very good (Spoken & Written).

#### Graduation Project

My Project Forth award of the degree of bachelor of Electromechanical Engineering Study of wear behaviour of nano composite material.

#### About Me

From my studying in college, training I get the following: -

- 1- Have good knowledge in the plumbing, lathing, carpentry, blacksmithing, welding and other engineering workshops.
- 2- Good knowledge in the hospitals and system devices and know the mechanics of the devices
- 3- I have the ability to estimation and calculate quantities.
- 4- Can work for long time hard jobs.
