## LANGUAGE(S)

1. Arabic (Mother language)
2. English (Fluency in Speaking, Writing, and Reading)

## EDUCATION

**Electrical Engineering Department, College of Engineering, Mustansiriyah University.**

2011 - 2015

B.Sc. Electrical Engineering.

**Electrical Engineering Department, College of Engineering, Mustansiriyah University.**

2015 - 2019

M.Sc. Power and Machines Engineering

## WORK EXPERIENCE

**Factory of Distribution Transformers, Diyala Company for Electrical Industries. (Designer)**

Dec. 2016 – June 2017

Testing and determining the dielectric response of the insulation system for the manufactured distribution transformers.

## SKILLS

1. ANSYS
2. AutoCAD
3. Microsoft Office (Word, Excel, Power-Point, Access)
4. Matlab
5. Visual Basic
6. Turbo C++

## Publications

1. "FEM Application for Evaluating and Improving the Insulation System of 33kV Wound Core Type Distribution Transformer", CCSE, Modern Applied Science, Vol. 12, No. 9, 2018.
2. "Evaluation and Improvement of the Main Insulation Structure of 33kV Distribution Transformer", IAES International Journal of Electrical Engineering and Computer Science, Vol. 15 No. 1, 2019.
