Address: Iraq/Baghdad

Nashwan Al Moussawi

Nashwan Abdul ameer

### ABOUT ME

I have started my career in ALKHAN Co. in Mid-2014, since then my work tended to focus on construction coordination and architectural design and details. In 2015, I was employed by E.C.O. Ltd as a professional designer, extensively trained and started using BIM-tools for construction projects. In line with this scope, I was hired by Al Nahda Co. later the same year, in which BIMM was fully integrated in their workflow including Energy Analysis, in which I was entitled to design and assess with a specialized team.

### EDUCATION

2009 – 2014 University of Technology, BSc Architectural Engineering Department

Key Modules: Design Thesis, Architectural Details, Project Management, Building Regulation, Quantities and Specifications, Design Thesis Research, Philosophy and Architecture, and Sustainable Architecture
