To Whom This May Concern:

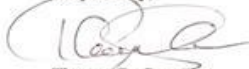

It is with great pleasure that I write this letter on behalf of Mohhanad Raad Shawqi, Civil Engineer of United Iraqi Construction, who has been working on a CH2M HILL contract as a site engineer on the CMATT side of Taji Military Base, Iraq for the past 12 months.

I have found Mr. Shawqi to be very effective as a site engineer. He has been and continues to be cooperative, reliable, and his work reflects his high-standards. His professionalism on the job site is to be commended.

In the time that Mr. Shawqi has been working in Iraq on U.S. Government contracts, he has been subjected to extreme situations that have put his life in danger and yet he continues to work for the government knowing fully well the ramifications of his decision, which could possibly be death. He is dedicated to his commitment to work for our Government, and this is a trait that the United States values: bravery.

He has shown me that he is a man of high morals, dedicated to family, and a friend to America. I highly recommend future work for Mr. Shawqi with the United States Government.

Respectfully,

Theresa D. Gonzales
Quality Control Manager
CH2M HILL Constructors, Inc.

Washington International, Inc.

To Whom It May Concern:

Please accept this letter as my personal letter of recommendation for Eng Muhanad Raad who has been working since 15 July 2006 as Site Supervisor for "ALMCO" a subcontractor for Washington International Inc. This is a large scale school renovation and new buildings project at Taji Military Base, Iraq.

I have personally worked with Eng. Muhanad Raad for over a year on a daily basis completing and handing over numerous building at various sites all in the Taji base compound.

Eng Muhanad is an effective Supervisor, he is bilingual, takes direction well and executes his task to the letter. His construction experience has contributed greatly to the completion of the projects.

I whole heartedly recommend him and wish him the very best in all future endeavors.

Sincerely,

10 May 2007

Abdus DONOHOE,
Site Superintendent,

RE: LETTER OF REFERENCE

Gentlemen

Mr. Muhanad Raad has worked for the Washington Group International as a job site Supervisor through one of our sub-contractors (Almco). He has work for us under this capacity since January 5th, 2006 to the present. He is bilingual and quite an able Supervisor. He takes direction well and executes the task to the letter. We are happy to give Mr. Muhanad Raad a good recommendation and hope that he succeeds where ever he goes. I have found him to be of great benefit and wish him all the best.

Michael G. Peters (Site Superintendent)
