Iraq- Baghdad- Almansour.

## PROFILE

I am a dedicated, hardworking and proactive Mechatronics Engineer with a strong background in Mechanics, computer aided and manufacturing design, modeling, CNC programming, artificial intelligence, Bio-Mechatronics, Sensors Measurements, and image processing. I have solid work experience in designing, vibration testing and analysing processes to increase the overall efficiency of operations. I am currently looking for an opportunity to utilise my technical skills in a challenging working environment and become a valuable asset to the organisation that I work for..
