

Name: Ahmed Saad Ahmed Ali

Nationality: Iraqi

Place & Date of Birth: Baghdad - 2/3/1988

Marital status: Married

Mobile: +9647704471474

Address: Erbil

E-Mail: - ahmedsaad.ahmedali@gmail.com

Profile:

- Highly motivated and hardworking young individual.
- Excellent team player with great leadership skills.
- Able to work under pressure and adaptive to any environment.
- Great is troubleshooting and fault finding skills.
- Organized and able to apply different methods to problems.

Education:

Bachelor of Engineering / Power Engineering / Baghdad University September 2005 – July 2009

Employment:

Sonangol Iraq P&P

Production Engineer_ Qayyara & Najma Oil Fields

March 2019- Present

- Manage the progress and productivity reporting on the project.
- Supervise Operators and Lease assist operators under them.
- Witnessing meter readings, monitor rates and pressures on Production wells; make necessary adjustments, maximize daily production.
- Follow Up Well Integrity issues for all the Wells.
- Follow PWHM (Preventive Well Head Maintenance) for all the Wells every 6 Months.
- Operate properties to ensure all regulatory, environmental and safety compliance issues and goals are met.
- Managing Operator daily production reporting and scheduling of oil and Trucks movement.
- Work on all types of production equipment, Separators, pump valves, Loading Tanks, SWB, etc. Identify potential problems.
- Operate, Monitor and optimize the performance of wells/facilities and fields within assigned area of responsibility.
- Conduct regular field operations when required and Supervise Well Intervention Operations (Slickline Operation, Wireline Operation, Coiled Tubing & Stimulation, Wellhead Maintenance and Well Integrity)
- Preparing logistics plans and coordinating suppliers and service providers to meet the work objectives.
- Conduct production programming tasks and develop weekly production activity schedules.
- Assist with the implementation of Sonangol operations and HSE standards.

Petronas Carigali Iraq Holding B.v.

Well Intervention Engineer

Jan-2017 – Jan-2019

- Well Intervention Planning
- Well Intervention Operations (Slickline Operation, Wireline Operation, Coiled Tubing & Stimulation, Wellhead Maintenance and Well Integrity)
- Supervise Well Intervention Various Operations (FGS, SGS, FBUS, PLT, MIT, ZOC, Coiled Tubing & Stimulation, Well Head Maintenance & Well Integrity)
- Creates a Well Intervention and well maintenance (including Wellheads and Xmas Trees) programme
- Preparing detailed work procedures

- Preparing logistics plans and coordinating suppliers and service providers to meet the work objectives.
 - Implements work programmes by providing co-ordination and management of well intervention activities in compliance with the management system, ensuring vendor activities are conducted safely and efficiently.
 - End of Well Reporting
 - Creates reports for company and legislative bodies by compiling operations information and performance analysis to provide an as-installed record of events and well components.
 - Leads post operations meetings and close out non-conformance reports.
 - Complies with, and assists team members to comply with, the company Management System.
- Makes recommendations for improvements to the Management System.

Halliburton World Wide Ltd.

Technical Professional

June- 2015 – Dec-2016

(PE Production Enhancement / Coiled Tubing, Stimulation, Water Conformance)

- Customer Meeting , Project Discussion &Tenders
- Design & Execute Jobs (Matrix Acidizing, CT Acid Wash, Tubing Pickling, Acid Bullhead, N2 Lifting, Hydrajet Perforation , Hydrablast, Sand Cleanout, CT Milling, N2 Underbalance, Pipeline Cleaning, Pipeline Pressure Test, Set & Pressure Test Packers, Water Conformance & Fluid Loss Control Job)
- Service Quality Meeting
- Data Acquisition Engineer (Running IFS, IWI, HalWin, STIM2001, Material Library)
- Pre & Post jobs Reports
- Field Ticket & Cost Tracker
- Jobs Preparations
- Rig Up & Rig Down
- Acid Plant Supervision
- Chemical Mixing & Chemical Testing
- QA/QC
- KPI &CPI Reports
- Equipment's Maintenance
- Lab Supervision & Lab Testing (Solubility Test, Compatibility Test, Water analysis, Emulsion Break Test, Rheology , Acid Titration, Acid System QA/QC)
- Chemicals Management
- Mentor the New Hired Engineer (Monitor, Advise &Trained)
- Tiered Inspection
- Test Bay Supervision

Halliburton World Wide Ltd.

Associate Technical Professional

January 2014 – May 2015

(PE Production Enhancement / Coiled Tubing & Stimulation)

- Design & Execute Jobs (Matrix Acidizing, CT Acid Wash, Tubing Pickling, Acid Bullhead, N2 Lifting, Hydrajet Perforation , Hydrablast, Sand Cleanout, CT Milling, N2 Underbalance, PipeLine Cleaning, PipeLine Pressure Test, Set & Pressure Test Packers, Water Conformance & Fluid Loss Control Job)
- Data Acquisition Engineer (Running IFS, IWI, HalWin, STIM2001, Material Library)
- Pre & Post jobs Reports
- Jobs Preparations
- Rig Up & Rig Down
- Lab Testing
- Chemical Mixing & Chemical Testing
- QA/QC
- KPI & CPI Reports
- Equipment's Maintenance
- Chemicals Managements

Technical Planner

September 2012 – December 2013

- Jobs Preparation
- Chemical Mixing & QA/QC
- Dispatching
- Chemical Inventory
- Crew training (HALU) & Training Scheduling
- Service Quality & Control Job Documents
- On Site Field Audit
- Updating & Maintaining Internal database
- Training and Development

CNPC

Operation Coordinator

February 2012 – August 2012

- Provide 6 Rigs with daily needed Operation Support
- Check and prepare the next sites for the Rigs and make sure the site meet with BP & ROO standards
- Daily Reports for the Current Operations in the Rigs
- Monthly Meetings with the Clients
- Prepare for each Rigs Mobilization and Lead the movements from site to another

Great Wall Drilling Co.

HSE Supervisor & Site Coordinator

April 2011 – January 2012

- Apply Health, Safety & Environment inside the site & during the daily operations
- Hold on safety meetings for the crew and for the visitors
- Daily, Weekly & Monthly Reports
- Review the JSA , PTW , TBT for each operation
- Train the local crew

STX Heavy Industries

Executive Engineer

July 2010 – February 2011

- Execution and inspection of project to install HFO electrical power planet , on that project I was leading 8 technician and more than 35 workers to finish up 8 base each one producing 25 MW (Grounding Cables , Cathode System , Cable tray , installing the transformers , Generators , Control Panels and the Auxiliary Equipment's)

Ministry Of Trade

Assist Engineer (Contract-Temp)

August 2009 – June 2010

- Daily Maintenance inside the Base
- Review the Tenders with the Chief Engineers
- Preparation of estimates costs for Electrical work
- Maintain the office Records

Projects Responsibility:

- Basra-Zubair Field , ENI /ZFOD , CT - Stimulation & Water Conformance one full Package.
- Kurdistan-Iraq , Shekhan Field , Hunt Oil , Maqloub 1 , Simirt 2,3,5 , CT & Stimulation one full Package on Call.
- Basra-West Qurna Field , Exxon Mobile , CT & Stimulation one full Package on Call.
- Nasriya , Garraf Field , PETRONAS , CT & Stimulation one full Package.
- Kurdistan- Iraq , Sulamania ,Baranan Field ,TOTAL , CT & Stimulation one full Package.

Personal Skills

- Critical thinker
- Good analytical skills
- Immensely responsible
- Independent judgment
- Team work

Languages

- English (fluent in reading, writing, and speaking)
- Arabic (fluent in reading, writing and speaking)
- French (elementary level in speaking)

Training & Certificates

- Tier II EDP (Coiled Tubing Engineering Development Program) in Dubai , UAE 1st -30th - May-2015
- Insite for Well Intervention(Design& Executing) in Dubai , UAE 1st -30th - May-2015
- Sandstone Acid Design in Dubai , UAE 1st -30th - May-2015
- Rock Properties & Reservoir Engineering in Dubai , UAE 1st -30th - May-2015
- IADC Well Control Valid until 29-May-2017
- Pressure Analysis While Pumping USA, Oklahoma -Duncan 4th –14th -Nov -2014
- Perform Acid Stimulation Service USA, Oklahoma -Duncan 7th – 12th - Sep-2014
- DAS (Data Acquisition System) USA, Oklahoma -Duncan 22nd - 27th – Sep -2014
- Field exposure Coiled Tubing USA , Texas , Odessa 1st – 25th –Oct -2014
- Insite For Stimulation USA, Oklahoma -Duncan 12th- 27th – Sep -2014

- Tier I EDP
- Boot Camp (Oil Field Math , Red Book , CT 1 , Pumping)
- Data Acquisition System in USA , New Mexico 17th Nov- 21st Nov-2014
- DME
- IDC

- Introduction to the Pumps

- Well Head 101
- PED Core Safety
- Smith Driving Safety
- Coiled Tubing I
- IADC WellCAP® Well Control Accreditation Program
- Stimulation I

- Red Book
- Off Field Math

- First Aid
- Fire Fighting
- Confined Space

- Rigging & Slinging

- Recipient Name Ahmed Saad Ahmed Ali ID Number A1070116

- SCBA

- Rig Pass

- Course Name Workover, Coil Tubing, Snubbing, Wireline Level Supervisory

- Permit to Work

- 3ph Induction Motors

- Completion Date 29 May 2015 Expiration Date 29 May 2017 Stack Qualification Surface

- Defence Driving

- Microsoft Office Excel

- Boots & Coots

- **And Hundreds of Online Training within Halliburton University**

- Course Location Dubai, UAE Telephone Contact 281-874-8700

- Instructor Name Michael Burris

- Authorized Signature (Corporate Official or Instructor) M. Burris

Certificate Number: WSE614152

The certificate is valid only when signed and dated.

The bearer of this certificate and wallet card has successfully completed an accredited WellCAP Course.

IADC WellCAP® Completion Card

Name Ahmed Saad Ahmed Ali
 Course Name Workover, Coil Tubing, Snubbing, Wireline
 Stack Qualification Surface Level Supervisory
 Completion Date May 29, 2015 Expiration Date May 29, 2017
 Training Provider Boots & Coots
 Authorized Signature M. Burris
 WSE614152

NOTICE

Information on this certificate must be reported to IADC within 30 days of course completion.
