

Waleed Khaleed

Petroleum Engineer

Personal Information:

- Phone: +9647716413919
- Email: waleedalkhafaji3@gmail.com
- Address: Basra/Iraq
- Birthday: 25th December 1996

Summary:

- I'm a recent graduate Petroleum Engineer. I have a Bachelor's degree in Petroleum Engineering from University of Basra.
- I had many internships to the leading oil and gas industry service companies.
- A highly motivated person with excellent software skills.
- Have the ability to work in different environments, Conditions, Locations, with different languages and people.

Experience:

- MWD/LWD Field Engineer Trainee, DNM Segment, Schlumberger, Basra Base, Iraq
 - (July/2018 - August/2018)
 - Main Responsibilities:
 - Running, Programming and Calibration of the Measurement while Drilling tools (MWD) (Like Impulse, Slimpulse, Telescope, etc.), And The Logging while Drilling tools (LWD) (Like ArcVision, SonicVision, etc.)
 - Rig Up of the surface equipments and devices (Sensors, Cables,..)
 - Monitoring the tools and taking surveys while drilling.
 - Delivering High-Accurate Real-Time Data to the client.
- Projects Development Engineer Trainee, Basra Gas Company (Shell Co. as a Partnership), Al-Zubair, Basra, Iraq
 - (June/2018)
 - Main Responsibilities:
 - Attend classroom instructional sessions.
 - Perform job preparation tasks under supervision.
 - Site visits to the NGL/LPG Plants of the company.
 - Monitoring the gas plant equipments (Separators, Heat Exchangers, Dehydration Units).

Education:

- Bachelor's degree in Petroleum Engineering
- University of Basra/Petroleum Engineering Dep.
- (2015-2019)
- The 4th rank out of 58 student, With total evaluation (%76.848).

Achievements

- Graduation Project (Study the effect of Some additives on the properties of Drilling fluid)
- University of Basra/Petroleum Engineering Dep.
- (2018-2019)
- Professional Member in Society of Petroleum Engineers (SPE), Basra Chapter
- University of Basra/Petroleum Engineering Dep.
- (2018-2019)

Software Skills:

- Schlumberger [Petrel](#), Reservoir Simulation Software
- Computer Modeling Group ([CMG](#)), Reservoir Simulation Software
- Schlumberger [Eclipse](#), Reservoir Simulation Software
- [EMERAUDE](#) Software by KAPPA, Production Log Interpretation Software
- Interactive Petrophysics ([IP](#)), Well Logging Analysis Software
- Golden Software Programs ([Didger](#) & [Surfer](#)), Digitizing Software
- Schlumberger [OFM](#) Software
- Schlumberger [PIPESIM](#) Software
- Petroleum Experts ([PETEX](#)) Softwares ([Mbal](#), [PvtP](#), [Prosper](#)),
- Adobe Programs ([Illustrator](#), [Photoshop](#), ...)
- MATLAB Software
- [MS Office](#) Programs ([Word](#), [Excel](#), [Powerpoint](#), [Outlook](#))
- [AUTODESK](#) Package ([Autocad](#), [3Ds Max](#))

Courses taken during University

- Fundamentals of Reservoir Engineering
- Enhanced Oil Recovery Methods
- Petroleum Production Systems
- Fundamentals of Reservoir Simulation
- Integrated Reservoir Management
- Fundamentals of Drilling Engineering
- Casing Design and DD Design
- Well Test Analysis
- Fundamentals of Production Engineering
- Well Logging and Formation Evaluation
- Natural Gas Technology
- Pollution and Industrial Safety

Courses and Certificates

- "Production Log Interpretation" course using [EMERAUDE software](#), [March/2019](#),
- "Efficient Workflow Of Integrated Reservoir Studies" Using [CMG software](#), [Dec/2018](#)
- "Formation Evaluation and Drilling Problems" Workshop By SPE Basra, [March/2019](#)
- Occupational Safety and Health Administration ([OSHA](#)) Training course, [March/2017](#)
- "Introduction to MikroTik RouterOS & RouterBoard" Course, [Nov/2016](#)
